## About us

The Morrie Evans Wing (MEW) is a Commonwealth-funded residential aged care facility which was officially opened on 11th June 1978.

Our 30 bed residential aged care facility has a bed configuration consisting of single beds and ensuites. Morrie Evans Wing is situated on the Benalla Health campus and comes under the governance of the Benalla Health Board of Management.

## Our caring approach

Morrie Evans Wing is a special place where compassion and personalised care is a feature. We are proud to be a leading provider of residential aged care in North East Victoria.

Our home is suitable for looking after residents with high care health needs and persons living with dementia.

Our residents' needs have been kept in the forefront of our minds during recent renovations, with the result being a more comfortable and modern setting. Staff provide an exemplary standard of permanent and respite care to residents and their families. Low care respite care can also be provided.

The home is surrounded by beautiful gardens and it has enclosed patio areas for enjoying the outdoors, including BBQ facilities. Activities are regularly held for the enjoyment of all residents. The main entrance is situated off Samaria Rd.

## Excellent standards

Morrie Evans Wing has been providing an excellent standard of care to residents of Benalla and surrounding areas for more than 40 years.

We have a proud history with humble beginnings built on the generosity of local people and the ongoing tireless efforts of the fundraising committee and the Benalla Health Board of Management.

Recent works to improve amenities have enhanced residents' privacy and dignity. These amenities include creating more intimate spaces as well as the addition of ensuites.
